DAUGHERTY RULING ON SHIPS UPHELD BY FED. JUDGE

Foreign Ships to Carry
Liquors For Crew Ra-
tions But Must File
Bond For \$25,000.

DRYS ARE PLEASED

New York, N. Y., Oct. 23.—In an opinion handed down this morning Federal Judge Learned Hand upheld the ruling of Attorney General Daugherty on enforcing the Prohibition Law in the territorial waters of the United States and dismissed the petition of several steamship lines for an injunction against the enforcement of the Daugherty ruling. In dismissing the petition Judge Hand ruled that carriers flying a foreign flag might carry liquors for rations and give such rations without U. S. waters but that the said carriers must give bond in the sum of \$25,000 that the liquors and wines be dispensed in no other case.

Immediately on receipt of the news in Washington Federal authorities announced that there would be an immediate enforcement of the Prohibition laws in accordance with the Daugherty ruling.

Budget Director Lord Believes Expenses Can Be Pared \$750,000,000

Washington, D. C., Oct. 23.—An effort to curtail the government budget of expenses for the next fiscal year to the extent of \$750,000,000 below the expenses for the current fiscal year is being made. The figures submitted by government heads for the fiscal year beginning July 1st, 1923 have been pared to this extent, and Director General Lord believes that the saving of this sum together with \$200,000,000 interest due to be received from England during the next fiscal year should result in a generous cut in Federal taxes.

"PEGGY" BEAL ON TRIAL

Kansas City, Mo., Oct. 23.—Pretty "Peggy" Beal goes on trial here today for the murder of Frank Warren Anderson, whom she killed in a hotel room occupied by the couple last June. She will rely on her claim that she shot Anderson to save other women from becoming slaves to the wiles of the "perfect lover." Miss Beal declared Anderson showed her a list of more than fifty women who were victims of his love making.

COUNTRY CLUB DINNERS TO CONTINUE

It has been decided to continue the Saturday evening dinners and dances at the Country Club for an indefinite period.

DR. LYMAN ABBOTT, NOTED EDITOR, AUTHOR AND MINISTER, DIED SUNDAY

New York, Oct. 22.—Dr. Lyman Abbott, editor-in-chief of the Outlook, with which he had been associated nearly 40 years; clergyman, lawyer-author, died today. He would have been 87 next December. When the end came four sons and two daughters were at the bedside.

Dr. Abbott suffered a severe attack of bronchitis at his summer home last summer from which he never fully recovered.

The Rev. Lyman Abbott was one of the most active leaders in many avenues of religious and civic thought in the United States. As preacher, editor, author and theologian he exhibited a quality of character which impressed itself on all who came in contact with him, a singular poise and serenity of spirit.

As editor of the Christian Union, which was later to be known as The Outlook, his work, in association with

To Form Cabinet

Andrew Bonar Law, upon recommendation of David Lloyd George, has been asked to form a Conservative cabinet to replace the Coalition cabinet which resigned with Lloyd George.

BONAR LAW ACCEPTS PREMIERSHIP FROM BRITISH EMPEROR

London, Oct. 23.—Bonar Law this afternoon succeeded Lloyd George as Premier of England. Late today he called on His Majesty, The King, to announce his acceptance and at the same time Lloyd George visited the King to turn over the state seals and implements of office.

WANT HALLOWEEN PRANKS CUT OUT

Tuesday of next week is Halloween and the borough authorities will stand for a certain amount of "horse play" within reason, but Mayor Kitleberger has been receiving so many complaints from all over the town that he has instructed his police force to arrest every boy engaging in halloween pranks during this week.

There is no sense in having our citizens annoyed by these malicious pranks and it must be stopped or arrests and fines will follow.

GREGORY—SHAUGRAW

Thomas Gregory and Eulalia Shaugraw both of Clearfield, were united in marriage by the Rev. C. K. Gibson of the 11th St. M. E. church Wednesday evening Oct. 18. They will reside in Clearfield.

WIN BRIDGE FINALS

Mrs. William Scott Piper was first and Mrs. Fred Todd, of Philipsburg, second in the finals played on Friday evening, of the Bridge Tournament held at the Country Club on Wednesday afternoon.

THE WEATHER

Washington, D. C. Oct. 21, 1922.—Weather outlook for period Monday, Oct. 23 to Saturday, Oct. 28, 1922, inclusive: Generally fair and cool.

RED CROSS MEETING AT DUBOIS A GREAT SUCCESS ON FRIDAY

Over One Hundred Men
and Women Give Day
to Discussing Methods
of Carrying On Work.

OFFICERS SPEAK

The Red Cross Regional Conference that was held in DuBois Friday, Oct. 20, was an exceptionally successful event, not alone in point of attendance, which was most gratifying, but also because of the many excellent talks that were given and the points brought up that will prove of value in future work.

All sessions of the conference were held at the American Legion rooms kindly donated for the purpose, and there was an attendance of over 100 persons, a large majority of whom traveled a considerable distance to get there. The present excellent condition of the roads enabled many of them to come by machine.

Mrs. L. V. Deemer was the presiding officer at the morning session, which was opened by an address of welcome by W. G. Brown, local chairman.

The opening session was held at 10:15 o'clock, at which time a roll call was held, followed by a discussion of the branch work and finances. The feature address of the morning session was given by J. T. Nicholson, director of Junior Red Cross Work, Mr. Nicholson being from the Washington division. Mr. Nicholson is a man thoroughly conversant with his work, a fluent talker and a man of practical ideas, as well as an individual of ideals. Mr. Nicholson pointed out the importance of training the young child in citizenship, and declared that it was his opinion that children are ready for citizenship and should not be looked upon merely as children in this important respect.

At 12 o'clock a luncheon was served.

The presiding officer for the afternoon was Mrs. G. W. Zeigler, chairman of the Moshannon chapter, Philipsburg. The first question discussed was the "Problems of the ex-Service Man." The discussion was opened by Mrs. J. R. Clifford, secretary, of DuBois, who presented a number of typical cases, together with the manner in which they were handled and the problems that had to be surmounted. Mrs. Clifford was followed by Miss Minnie Feldman, executive chairman, of Franklin, and Mrs. Bernard E. Willard, of St. Marys, home service secretary. The discussions continued on page 3.

Man And Woman May Be Indicted In The Hall-Mills Murder

New Brunswick, N. J., Oct. 23.—Indictments by the grand jury in connection with the Hall-Mills murder case may be forthcoming today as the grand jury is sitting at Somerville, N. J., continuing the investigation. If indictments are made, they will charge a man and a woman with complicity in the crime and possibly another man as an accessory to the crime. The grand jury, however, may be in session several days.

ARMY OFFICER AND HOOTCH CARRYING AIRPLANE CAPTURED

Laredo, Texas, Oct. 23.—An army official, his mechanic and an army airplane are held by local authorities following the frustration of a booze delivery from across the Mexican border. Fifteen sacks of liquor were found in the plane when it landed and was taken into custody. The authorities were secretive and would not divulge the name of the army officer accused.

On Trial for Slaying Two.

Mrs. Catherine Rosier (above) is now on trial for the slaying of her husband and his stenographer. The prosecution sought to have the baby barred from court on the ground it would unduly prejudice the jury.

PHILIPSBURG CHILD KILLED ON STREET BY AUTOMOBILE

Philipsburg was the scene Friday afternoon of one of those shocking fatalities that are happening with increasing frequency all over the country as a result of the rapid development of motoring. Frederick T. Long, the baby son of Mr. and Mrs. Arthur Long, of 222 Ninth street, was struck by an automobile about 4:30 in the afternoon, causing injuries that resulted in death at the Cottage State hospital an hour later.

According to informal investigation conducted by Dr. W. R. Heaton, Centre county's coroner, the tragic affair was wholly accidental and not due to fast or reckless driving nor to negligence or carelessness. Coroner Heaton questioned several persons who witnessed the accident or were nearby at the time.

The mother of the child had gone into the back yard for a few minutes to attend to the chickens. The baby, during her brief absence left the front of the house, it seems, and got into the gutter. Mrs. Jack Wallin, of Locust street, motored up Spruce street in her Studebaker sedan. With her was Miss Leone Wooster. They turned the corner of Spruce and Ninth, driving southward. The Long residence is on the east side of Ninth and the house next to the corner. The baby, it is said, started to cross the road at the time and was run down.

Miss Edna Close picked the little one up in an unconscious condition. Earl Nixon came along and accompanied by Miss Close and Miss Edna Hartsock hurried to the Cottage State hospital with the babe. An examination revealed that the injuries to the babe's head proved fatal. It died within an hour without regaining consciousness.

The child, a bright, lovable little fellow, was the idol of its parents and the young mother is almost heartbroken. Mrs. Wallin is nearly distracted over the unfortunate affair. There are two other children in the Long family, Jessie and Billy, the former the eldest. Mrs. Long was formerly Miss Mabel Twigg. Her baby, the victim of the accident, was born Dec. 15, 1920.

Funeral services will be held at the Long residence Monday afternoon at 2 o'clock.

GOUCHER COLLEGE GRADS MEET

A meeting followed by a dinner was given at the Country Club on Saturday and attended by Goucher College graduates from Clearfield and surrounding towns, represented by Mrs. Horace McCardell, Osceola; Miss Evelyn Reed of Philipsburg, and Miss Jane McChesney of Big Run.

TO THE PUBLIC

State Medical Society Asks
Support of People for Cancer
Week To Be Observed
November 12th to 18th.

LEARN HOW TO AVOID IT

The Medical Society of the State of Pennsylvania, through the Clearfield County Medical Society wishes to announce that all over the United States of America the week of Nov. 12th to the 18th is to be Cancer Week, during which time the American Medical Profession by their activities in disseminating knowledge in regard to the prevention of deaths from Cancer are endeavoring to discharge a public duty and debt.

During the World War the United States of America lost in killed 80,000 soldiers in two years while during the same two years 180,000 people died in this country from Cancer. Cancer apparently is on the increase. One reason for this may be the great lessening of infant mortality and the general prolongation of life expectancy.

As Cancer is a disease of middle life and old age there are more people attaining to the fourth and fifth decades of life, consequently coming into the so called cancer age, after the age of forty. Occasionally Cancer may come in early life and many of the malignant growths known as Sarcoma or tumors do assail the adolescent and the young adult.

It should be known that chronic stomach troubles may and often do eventuate in Cancer. People in the fourth and fifth decades of life, suffering as they believe from hemorrhoids when examined by a competent diagnostician are frequently found to be suffering not at all from Hemorrhoids but in reality from Cancer.

The mother of a large family, one of the most important and most needed individuals in the community is frequently the unsuspecting victim of this dread disease.

Any lump or unusual discharge should be at once reported to a family physician and a careful and painstaking examination made to ascertain its true nature and not be (Continued on Page 4).

ANNUAL MEETING OF THE CLEARFIELD CHAPTER OF AMERICAN RED CROSS

The Annual meeting of the Clearfield Chapter of the American Red Cross is called for Wednesday, Oct. 25, 1922, to meet in the High School Auditorium at 4 o'clock p. m. for the purpose of electing an Executive Committee, considering reports and transacting such other business as the Chapter may be competent to transact.

All members of the Chapter are urgently requested to attend. A large attendance is requested.

BETTER GO EARLY IF YOU WANT A SEAT TO HEAR THE CHOIR

As the time approaches for the appearance of the Williamsport Consistory choir, under the direction of Mr. Frederic Manson, in the Trinity M. E. church tomorrow evening, more and more interest is being manifested by lovers of music from this city and the entire surrounding territory.

The committee in charge are being importuned from all sides for admission tickets but this committee wishes it directly understood that this wonderful recital is absolutely free to everybody and that there will be no collections, admissions or anything of the sort taken. This choir is brought here thru the beneficence of the local members of the Williamsport Consistory and done through an idea that what they have heard and thoroughly enjoyed in the convocations of their fraternity at its meetings in Williamsport, would be as much of a pleasure to the folks who do not have the opportunity to hear such singing as Mr. Manson's men can do.

Every voice in the choir, which consists of thirty men, is a trained voice and not only has it been trained for solo work but the expert musicianship of the director has brought out a harmonious blending of the parts so that an ensemble of more than usual brilliance has been wrought.

Wherever the Consistory Choir has appeared in recital, it has been greeted with capacity houses, a tribute to the quality of the music the men render. And wherever the program has been completed, there have been loud clamorings for a return engagement.

Arrangements have been made by the officers of Trinity church that the auditorium and Sunday school room be thrown into one room for this event, providing a seating capacity of 1200, and there is no doubt but what every seat will be filled tomorrow evening. Concert begins promptly at 7:45. Be in a seat at 7:30.

MRS. HEISEY, AGED 106 ATTENDS SUNDAY SCHOOL

Sunday, October twenty-second will go down in the history records of this church as the biggest in her history. As is usually the case during recent years the goal which the congregation and pastor has set for Rally Day was easily attained and exceeded for 553 were in attendance at the Sunday School service. Dear old grandmother Heisey who is nearing her 107th birthday, honored the school with her presence. With the two infants who were baptized both the oldest and youngest members of the congregation were there. Pleasing music by the orchestra and the Junior choir interspersed addresses by Rev. Hauser, Superintendent Paul Dietzel, and Asst. Supt. E. O. Tobias. These were followed by a stirring call to the members to be 100 per cent workers for the advancement of His Kingdom, by Mr. R. A. Zentmyer, President of the Blair County Sunday School Assn. and vice president of the Penna. State Sunday School Assn. All in all it was a day long to be remembered by everyone who attended.

SCOTTDAL PUBLISHER DIES

Local relatives were advised by wire yesterday of the death at Scottdale, Pa. on Saturday of Howard Cramer, a former resident of Clearfield. The deceased, who was a printer by profession, had been publishing a newspaper at Scottdale for a number of years.

He was married to a daughter of the late Mr. and Mrs. Samuel J. Row, of Clearfield, sister of Mrs. F. G. Chormenning and S. A. Row of this place, who survives him. He is also survived by four sons and three daughters.

COMMERCIAL CLUB TONIGHT

The regular meeting of the Commercial Club will be held at Jordan's this evening at 8:15 and the entertainment committee has promised a usual high standard.

A. B. Reed will tell of Clearfield fifty years ago and there will be some novel entertainment.

STATE TAKES OVER INVESTIGATION OF HALL-MILLS CASE

New Brunswick, N. J. Oct. 23.—The state of New Jersey today took over the investigation of the Hall-Mills murder mystery, Attorney General McCran named Grover Mott, a former County prosecutor in act for the state. He will be assisted by Jimmie Mason, a detective of Newark, N. J., who enjoys a state wide reputation as an investigator. Prosecutor Brickler has tendered them his support and announced his willingness to take orders.

Baby Killed In Auto Accident Near DuBois At Noon On Sunday

DuBois, Oct. 23.—As the result of an automobile accident that happened Sunday shortly after noon, one person, a two-year-old baby, was almost instantly killed and four others injured, one quite seriously.

The dead:

Don Watson, two-year-old son of Alex Watson, of 102 Dixon avenue, injured about the head, died while being taken to the hospital.

The injured:

Walter Watson, driver of the car, cut and bruised about the face and body.

Robert Simpson, Carson avenue, arm broken and severe injury of the pelvic bone, condition regarded as serious at Maple avenue hospital.

Earl Watson, cut and bruised, condition not serious, at Maple avenue hospital.

Alex Watson, bruised and cut, taken home.

The accident happened almost at the intersection of Tozier avenue and Knarr street. The Watson family and Robert Simpson had been to the Little farm and were returning home, coming down Tozier avenue off Highland. Residents of that vicinity who saw the machine coming own the hill state that it was coasting along at a moderate rate of speed when suddenly there was an explosion and the car started towards a high bank on the right hand side. The car plunged into the bank and turned completely over, tossing the occupants right and left. Nearby residents hurried to the scene of the accident and assisted the occupants in getting free of the wreckage.

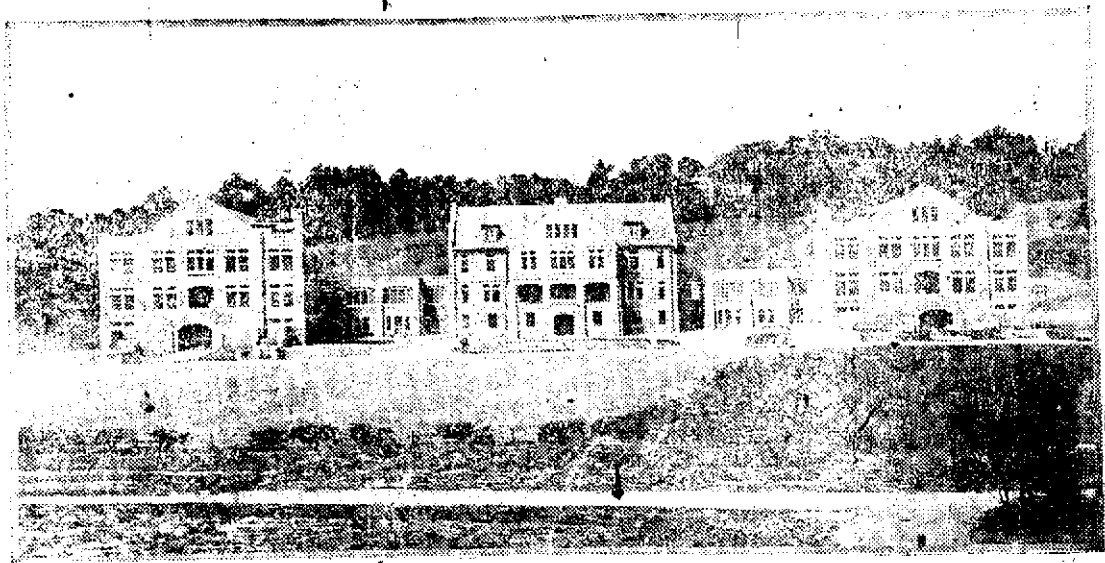

14 LOSE LIVES IN TENEMENT FIRE IN NEW YORK CITY

New York, Oct. 22.—Fourteen persons, most of them children, lost their lives early today in a fire, believed to be the work of a pyromaniac. The flames swept with murderous suddenness from cellar to roof of a five-story brick tenement at Lexington avenue and 110th street in the thickly populated East Side.

The blaze apparently started in a baby carriage under the stairs in the lower hall under almost identical circumstances as in an upper west side apartment house, which resulted in seven deaths. So quickly did the flames shoot through the building that a number of the dead were found in bed, burned or smothered.

A score of persons owe their lives to 17-year-old James Donnell, a mechanic helper, who was eating at a restaurant in the vicinity when he heard a woman cry for help. Running to the street he saw a woman leaning out of the second story window with two children in her arms. The youth climbed on the sill of a window and reached them. He led the three down the fire escape and then rescued the baby of the family. Later he went to the roof of an adjoining building and by throwing a board over to the fire escape made it possible for other tenants to get out of the burning building.

Pennsylvania Masons Dedicate Fine Hospital at Elizabethtown Home

Elizabethtown, Oct. 23.—"And the greatest of these is charity" might well have been taken as a text by each speaker at the dedication today of the Philadelphia Memorial Hospital at the Masonic Home. That building, consisting of three, units, and completely equipped at a cost of \$200,000, stands a monument to the generosity of the 50,000 members of the fraternity affiliated with Philadelphia lodges.

The ceremonies were impressive but without pomp. The presentation address on behalf of the donors was made by Otto R. Heiligman, of Potomac Lodge No. 441. R. W. Grand Master Abraham M. Beitler responded for the Grand Lodge, which is the governing and administrative body of the Home.

Addressed by Edgar F. Smith, representing the Scottish Rite Bodies of the City of Philadelphia, and Dr. J. P. Martin, State Commissioner of Health, were given great attention by the throng which journeyed from Philadelphia for the dedication.

Grand Lodge Officers Present. The Grand Lodge officers present, besides Grand Master Beitler, were Deputy Grand Master Samuel M. DeLoach, Senior Grand Warden William M. Hamilton, Junior Grand Warden J. Willson Smith, Grand Treasurer Charles E. Roberts, Grand Secretary John A. Perry.

The Committee on Masonic Homes,

consisting of Past Grand Master George B. Orlady, Edward W. Patton, William M. Donaldson, Andrew H. Hershey, Henry C. Schock, David J. Davis and August Daub, was also present along with many who by their work and contributions for the support and advancement of Masonic institutions are recognized as pillars of the fraternity of Pennsylvania.

The hospital has been pronounced a model by authorities on equipment and facilities. It has been provided with all comforts and necessities for many months' requirements. The units with forty beds each are housed in opposite ends of the structure, with the administration building in the center.

Completion of the hospital was held up during the war. The first unit was completed in 1916. During the influenza epidemic of 1918 the staff of physicians and nurses cared for eighty-two residents of Elizabethtown and rendered a service which has endeared the institution to the community.

The executive committee, which for six years has done the major work of raising funds, attending to details and supervising construction, included Grand Master Beitler, Justin P. Allman, Otto Rangnow, J. Wallace Radcliffe, Frank C. Harris and William C. Haddock. Mr. Haddock, who was formerly Director of Public Works of the City of Philadelphia, gave considerable time inspecting the work as it progressed.

Residents Number 400. The residents of the Home, numbering about 400, range from four

years to extreme old age. The Home cares for the children, both boys and girls, of deceased Master Masons and for dependent brethren and their wives and for the widows of Master Masons, their sisters, adult daughters and mothers. The average age of the adult guests is about seventy-three. Their entertainment is provided by clubs, societies and individuals, many traveling from Philadelphia, Harrisburg, and Allentown to furnish concerts, amateur and professional vaudeville.

Since June, 1910, when the first guest was received, the Home has made wonderful progress. The grounds, of 1000 acres, have been developed, new buildings erected, orchards planted, athletic fields laid out, until now as a beauty spot travelers from all parts of the State and country come to see it. In the year 1921 more than 35,000 visitors registered at Grand Lodge Hall.

One section of the grounds is a particularly hallowed spot. It is Memorial Grove, where 264 oak trees have been planted. Each tree is named for a member of the fraternity who died in service during the world war.

STOP ITCHING ECZEMA
Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

CONDITIONS WILL HOLD BACK OUR GREAT MILK DRINK

We proposed to have a new milk drink for you that would make drinking of milk in your home one of the things that every one would be excited about but, until the present-milk stringency is relieved we deem it better not to put this drink out. Just as soon as we find that we are having the usual supply of milk, we will tell you about this new drink and how well you are going to like it.

Meantime, drink plenty of plain milk and keep it on your menu daily.

TRINITY CHURCH EVENTS

Sunday school held up attendance with an advance in offering over the average. Dr. R. S. Oyler was in the session, presenting the School of Religious Education, which will be held in his church, Phillipsburg, for the Clearfield section of both Altoona and Williamsport districts. This school is an extension of the great summer school held for ten days at Dickinson College last July. It will open Monday, November 6, continuing nightly to Friday, 10th; registration fee \$1. The course of studies is varied yet timely, with a faculty very strong.

Dr. Oyler, a former pastor of Eleventh Street church, preached on "Evangelism" in an impressive manner and with great helpfulness and edifying of the people. Trinity's pastor was in Trinity church, Phillipsburg, on an exchange to meet the appointment of Dr. Oyler to present the School interests to every one of the three Methodist Bible Schools in Clearfield.

At night, before an exceptionally large audience, in which, with several commercial travelers and strangers from far and near, which was a very large portion of young women, the pastor made a study of "Jazabel as a type of Wicked Women, whom history holds in righteous disgrace because with their brilliant parts they have lacked every element of noble character, the only enduring honor and the most potential constructive factor in life and in human affairs. History was almost ransacked in illustrative proof of this

position which was restated from Mes-salina, Mary, Queen of Scots, Anne Bolyn, Catherine de Medici, Lucretia Borgia, Catherine I. of Russia, Madame de Pompadour and others equally notorious and infamous.

The special music of the choir was happily selected and heard with interest. Chorus, quartette and organ selections were presented with force.

This week in Trinity: Tuesday, 7:45 p. m. musical treat—exception program by the Consistory Choir of Williamsport. Frederic Manson, leader; sittings free to all music lovers. Wednesday mid-week congregational gathering for inspirational revival study and preparation, followed by Trustees meetings. Visitation between Ogden and Walnut. Next Sunday, Good Literature Day.

Too Bad It Wasn't Twins

That's what we always think whenever a Dad walks in with his son forced to buy a complete new Suit because the single pants of the Suit gave out while the coat was just getting warmed up.

It's too bad, too, that more parents do not insist on two pants Suits, for it's just as logical as carrying a spare tire. We specialize on DOUBLE barreled Suits first by having them—and then by not being afraid to let them go at low prices.

C. H. S. AN EASY WINNER OVER STATE COLLEGE HIGH IN SATURDAY'S GAME

By DICK LEHOLD

After being held scoreless for fifteen minutes of torpid play, and with seven points registered against them, Clearfield High's stalwarts arose and trampled the plucky State College High eleven under, 39 to 7, Saturday afternoon at the Park Gridiron. The small crowd that witnessed State's downfall was treated to all kinds of football, both good and bad. Clearfield entered the game confident of an easy conquest. State lined up with a record of three straight victories on foreign fields, but still in the minds of most fans the visitor's chances of winning were meager.

State Scores Early on Tumble

After receiving the kickoff, State was unable to make substantial gains and punted deep into C. H. S.'s territory. "Swede" Johnson caught the oval and started to run it back, when viciously tackled by End Graham of State. The ball bounded out of Johnson's arms as he hit the turf, and Williams, the visitors ever alert left half scooped it up and raced across the goal line for the first score of the afternoon. The teams lined up and Left End Lombey was called back from the line to drop kick. The Centre county line held and Lombey booted a neat drop kick over the bar. Score, Clearfield, 0, State 7.

The effect of having the visitors score so easily, even if it were a fluke seemed to serve as a regular knock-out drop to the Red and Black. Clearfield's machine started to sputter, and display every symptom of an ailing motor car. The fact the locals were like a wonderful looking Stutz racer with an ancient Ford engine under the hood, lacking speed, power or drive during this hectic first quarter. On the other hand, this husky Maroon clad lads from Centre county's knowledge foundry, played as the dynamo driven, smashing thru Clearfield's interference for savage tackles that usually stopped C. H. S. before worth while gains were negotiated. State College's offensive drive soared to giddy heights at this time, when they cut loose with shift play formations with several variations, including the hidden ball trick. Quarterback Resides of State was the ace of the Maroon attack. This stocky youth used fine judgment in directing the play, and was the out standing player of the visitors. He was fast as lightning in his charges thru tackle and could run the ends like Paddock finishing the 100 yd. dash—always ploughing, twisting and "ceiling" in and out" till downed, as many a Clearfield tackler will testify. The first quarter ended with State ahead 7 to 0.

Clearfield Comes Back Strong

Signs of life slowly worked into C. H. S.'s play. The interference formed better, the line rush tackled harder and surer. State was repeatedly thrown for losses on end runs by Howe and Mohny. Clearfield's first score came a few minutes after the second quarter started. Taking the ball from State on downs in the local's territory, Clearfield started an unyielding drive down the field; Mitchell, the Johnsons and Brown, tearing off gains that varied in length from 5 to 18 yards; six plays placing the ball within scoring distance, when Quarterback Swede Johnson shot thru tackle for a touchdown. Attempted drop kick failed. Score State 7, C. H. S. 6.

State received the kick off, but were held. Fullback Hollobaugh punted to "Swede" of C. H. S. Clearfield started on another march down the field that did not end until State's goal line was crossed. Mitchell snaked thru for 8 yards. Brown and "Swede" Johnson ripped two first downs off on successive plays. Mitchell broke thru tackle for a good gain when the opposing end was "boxed." Hod Johnson circled left end for 10 yards and a first down, placing the ball on the visitors 35 yd. line. State stiffened and held Clearfield for two line plays, but like a bending dam holding at bay a sudden influx of water, the Maroon forwards weakened, and the local backs broke thru like a torrent. Fullback Brown carrying the ball across on a mass formation thru center, after "Swede" had placed the pigskin on State's 5 yd line thru a pretty zigzag run of 25 yds. Line back for extra point failed. Score C. H. S. 12—State 7.

Clearfield kicked to State's 30 yd. line, where on the second play "Ham" Howe grabbed a State fumble and tore for a touchdown, but the officials would not allow it. The half ended after the next play. Score first half, C. H. S. 12, State 7.

Locals Improve as Game Progresses

With the diving sun slowly sinking back of coal hill, State kicked off to Clearfield. The college town lads defended the west goal line with such aggression that "Swede" Johnson was forced to punt. State worked the ball to the local team's 35 yd. line, and attempted a drop kick, which failed, the ball rolling to C. H. S.'s 8 yd. line, where it was put in play. "Swede" Johnson got off a beautiful punt of 50 yards, which State's safety man fumbled, and End Mohny of C. H. S. picked up and legged it to State's 7 yard line before he was downed.

At this stage Clearfield attempted a forward pass, which was intercepted and lost for the locals what appeared to be a sure touchdown. During the next two minutes State proceeded to just reverse the above play on C. H. S.

The visitors punted. Mitchellree fumbled and a State man snatched the elusive pigskin up and dashed for the Red and Black's goal. He out-jumped or out-jiggled all of Coach Reed's pupils but Hody Johnson, who altho sporting a bum knee, cut across the field and stopped what looked like a six or seven point tally, on his own 6 yd line. Clearfield held State for downs at this stage then, punted out of danger. Clearfield was fought to a standstill the remaining few minutes of the third quarter. State really displayed a wonderful fighting spirit during the first two periods and really out fought the locals.

Condition of C. H. S. Tells

The good endurance of the local team began to show in the third quarter, when the visitors were being battered down by Clearfield's forwards. By taking out the opposing ends the locals registered gain after gain thru end and tackle "Swede" Johnson going over the line from the Centre county eleven's 10 yd line, shaking off a half dozen of the fast weakening State defenders. Pass for point failed. Score C. H. S. 18, State 7.

State Opens Up Attack

State received the kickoff, and opened up with an arial attack that looked menacing. Quarterback Resides tossing a pass to half Mays for a 30 yd. gain, but Mohny jumped into the next pass giving C. H. S. the ball on State's 45 yd. line. State was penalized 10 yds for holding. A series of mass formations and off tackle plays placed the ball on State's 12 yd. line. Full back "Bill" Brown crushed the Maroon line for thirteen yards of real "heady" work, bowling over a half dozen Staters for a touchdown. Hody Johnson kicked a perfect drop kick. Score, Clearfield 25, State 7.

Half back Bobby Wilson was injected into the game, and on the first offensive play of State, ran out and caught a pass intended for left end Graham. Clearfield then started a passing game which brot another score in two plays; i. e. "Swede" Johnson hurled a pretty pass to the waiting arms of left end Mohny for a twenty yard gain, then switching the passer, called "Hody" Johnson back to receive. Hody shot a well executed spiral to "Ham" Howe, right end who crossed the line for C. H. S.'s fifth touchdown. Hody Johnson booted a dropkick. Score C. H. S. 32, State 7.

Clearfield's final score was made in the closing minutes of play, when the badly battered visitors threw a pass too near the long arms of "Hod" Johnson, who confiscated the oval and ran it back for a touchdown, stepping off a good 40 yards along the students' bleachers, heading east. Bill Brown dropped another point. The game ended a minute later, final score C. H. S. 39, State College 7.

LINEUP

Clearfield 39—Mohny L. E. Graham C. Withrow L. F. McAlevy Moore L. G. Mays Capt. Withrow C. Fletcher Betts R. G. Shirk Pierce R. T. Waterbury Howe R. E. Lombeyer "Swede" Johnson Q. Resides Wilson L. H. Williams "Hody" Johnson R. H. Myers Brown F. Hollobaugh Touchdowns, State—Williams, point, dropkick; Lombeyer.

Clearfield, Brown 2, Swede Johnson, 2; Hod Johnson 1, Howe 1, points after Hod Johnson two dropkicks. Mayer for Resides, Maines for Withrow, Hubler for Williams, Jones for Hollobaugh, Carnes for Pierce, Wilson for Mitchell, Thompson for Mays. Referee—Reading Bucknell, Headlinesman, Shirey, U. of P. Umpire, Lea, of Virginia; Timers Kopp and Sweet.

NOTES OF THE GAME

Watching Clearfield's playing Saturday was like looking into a Kaleidoscope. One minute brilliant, the next dead. Brown, "Hody" Johnson, "Swede" Johnson showed that they

ODDS AND ENDS AND THINGS

By J. D. C.

Caruso's earnings in America are told for the first time in some detail, and in what may be taken as official figures, in the biography of the late tenor by Messrs Key and Zirato, just published by Little, Brown & Co., of Boston. He received from the Metropolitan in his first season \$29,807; then \$65,664, \$87,984 and \$89,280 in three following years and 1907-8 the prodigious figure of \$187,500 in part accounted for by outside engagements in concert here or in opera abroad. Two seasons later the figure was \$158,350 and in the last full year he sang it was \$117,550. His total opera and concert receipts could not have been far different from the sum of the usually equal amounts annually received from his voice records, as to which Mr. Key has authority of Calvin G. Child for a grand total of \$2,225,000 up to a year after the tenor's death. He doubtless earned \$5,000,000 in America, far beyond his dreams when he talked of making this country his home.

Criminals can be forced to tell the truth while under the influence of scopalamine anaesthesia, or, as it is better known, "twilight sleep," according to Dr. E. E. House, Ferris, Tex., who has asked indorsement of the Medical Association of the Southwest for a proposed experiment on a thousand prisoners in the Leavenworth, Kan. penitentiary to demonstrate his theory.

Dr. House has been experimenting with the anaesthetic five years, he told members of the association, and declared he had tried the "twilight sleep" method of securing evidence on a number of alleged criminals and others in his own State, and "had never failed in any attempt to rob the mind of its stored truths."

The anaesthetic does not produce a valuable condition, he said, but at its most potent stage questions can be propounded and, "without failure as yet, answers have been forthcoming."

"If the 'twilight anaesthesia,' were properly recognized and used for the purpose suggested," Dr. House continued in his address, many injustices would become impossible.

The local line was very erratic, holding like a stone wall sometimes, then again being a regular sieve for the opposing backs to rear thru. Coach Reed used many subs through out the game on the line rush.

States squad, twenty-five strong arrived in Clearfield Friday evening, and put up at the Jordan hotel.

After the game, State High's manager remarked: "This was one of the cleanest games our boys ever played in, and our treatment by the Clearfield officials was fine, after some of the poor deals we get in other towns."

Clearfield Squad is in for one tough week of hard work. The coaches were not pleased at all with their proteges' performance. Backfield and line will receive about the same lashing.

A couple dozen State rooters made the north bleachers roar till Clearfield forged ahead.

Philipsburg, Tyrone and Coquet township all bowed to State College prior to Saturday's game, playing on their home fields.

The State high machine plays eight out of ten games on foreign fields this fall.

RED CROSS MEETING

(Continued From Page One)

brought forth a number of points that have been puzzling to Home Service Workers, and cleared away a number of complications.

This round table discussion was

followed by an address on the part of Mrs. J. H. Martin, Mrs. Jno. Ken-J. Arthur Jeffers, assistant manager of the Washington Division, who spoke at length on the situation as it now exists in Smyrna, where thousands of refugees are desperately in need of assistance, and of the forthcoming Red Cross drive. The address was a most comprehensive presentation of the situation, both home and abroad, and imported many valuable pointers for the work in the future, especially in regard to the coming membership drive. Speaking in regard to the money that is collected, Mr. Jeffers pointed out that while it was true that fifty cents out of every dollar subscription went to National headquarters, the national headquarters only secured fifty cents out of subscriptions of \$5, \$10, and even \$100. He stated that the overhead expenses of the National Red Cross included all work at home and abroad was less than five cents out of every dollar contributed.

He made a stirring appeal for the Red Cross workers to go into the membership drive with a vim and discussed the various plans that are used in different cities. He commended the Pittsburgh plan very strongly.

This talk was followed by one of Barnhill by Mrs. Kathryn Taylor, of New Kensington, this feature of the work being ably presented.

A feature of the morning session was a talk on Red Cross nursing in rural communities by Miss Helen Erskine, supervising nurse, of Williamsport. Miss Erskine has had a wealth of experience along this line and her talk was of particular value.

The delegates were very much delighted with the hospitality extended to them by the local Red Cross chapter, and especially for the excellent arrangements made by the local secretary, Mrs. J. R. Clifford.

Following is the list of those present:

Galeton, Pa.—Mr. H. J. Curran, Mrs. H. H. Newton; Johnsonburg—Mrs. J. J. Geary, Mrs. S. F. Barrows; Kane, Pa.—Margaret R. Quinn; Philipsburg—Mrs. G. W. Zeigler, Miss Matlack; Punxsutawney—Mrs. Adams, Miss Boyer, Mrs. Ley, Mrs. Dickson; Renovo, Pa.—Mrs. G. E. Weidler; Ridgway, Pa.—Mrs. Boman, Mrs. Maude Schimmelfling; St. Marys—Mrs. B. E. Willard; Smethport—Mrs. J. A. Nollis; Warren, Pa.—Ethel V. Morrison, Mrs. J. H. West, Miss Isahel Wilson; Williamsport—Miss Helen Mar Erskine; Armstrong county—Mrs. C. P. Grim, Miss G. H. McAlen; Bellefonte—Mrs. O. E. Kline, Mrs. McClure Gamble; Bradford—Mr. W. G. Drew; Brookville—Miss Anna E. Kyle, Mr. L. M. Wilson, Mrs. Brown, Mrs. Frank Arthurs, Mrs. T. B. Shannon, Miss Grace I. Brick, Mrs. M. H. Milford, Mrs. Cora Deemer, Mrs. J. B. McKnight, Mrs. Anna H. Horner, Mrs. Raymond E. Brown, Mrs. F. C. Deemer, Mrs. C. R. McNeil, Mrs. J. T. Armstrong, Miss A. B. Jenks, Mrs. C. Z. Gordon; Summerville—Mrs. Rosecoe Carrier; Reynoldsville—Mrs. Frank Alexander; Emporium—Miss Ruth Shaw, R. N. Mrs. Winnifred Whittaker; Clarion—Mr. C. D. Klahr, Harry C. Craig, Ida B. Robinson.

Clearfield—Miss Mary Withrow,

Mrs. J. H. Martin, Mrs. Jno. Ken-J. Arthur Jeffers, assistant manager of the Washington Division, who spoke at length on the situation as it now exists in Smyrna, where thousands of refugees are desperately in need of assistance, and of the forthcoming Red Cross drive. The address was a most comprehensive presentation of the situation, both home and abroad, and imported many valuable pointers for the work in the future, especially in regard to the coming membership drive. Speaking in regard to the money that is collected, Mr. Jeffers pointed out that while it was true that fifty cents out of every dollar subscription went to National headquarters, the national headquarters only secured fifty cents out of subscriptions of \$5, \$10, and even \$100. He stated that the overhead expenses of the National Red Cross included all work at home and abroad was less than five cents out of every dollar contributed.

Washington Division—J. Arthur Jeffers, assistant manager; J. T. Nicholson, director Junior Red Cross; Miss Elizabeth J. Miller, field representative.

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for:

Cold
Toothache
Earsache
Neuralgia
Headache
Lumbago
Rheumatism
Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acideste of Salicylicacid.

A "FOUNTAIN OF YOUTH"

—available to every woman

Age isn't merely a matter of years, people are coming to realize, but is the result, too often, of needless worry and expenditure of energy.

Women who have their family washing done our laundry way escape the most aging task of all. They are not fagged out from wearisome rub and scrub; they enjoy the buoyancy and charm of youth.

You, too, can have the protection this modern method affords—relief from all wash-day worries.

We have several helpful services to offer. May we tell you about them? Simply phone and our representative will call.

Those of us who are interested in numbers, and are the more pleased the larger the numbers are, will do well to consider the number 54,421,832, and beside this they should place the number 26,759,703, which is even more important than the larger number.

Placed side by side these two sets of numbers are even more significant than is indicated by the amount they represent. Both of these numbers are constantly growing, but the smaller one is not growing so fast as it should. To the effort to make the smaller one grow so as to catch up with the larger we should all of us be giving a good deal of thought. For unless we can bring this about we shall presently have to begin to look to the foundations of our democracy.

The larger number represents the total number of eligible voters in the United States, and the smaller one represents the number of persons who voted in the last national election. The difference between the two, 27,662,124, represents the number of persons in this land of democracy who did not take upon themselves the duty of making our government a democratic one in the widest sense of the word.

Insofar as any candidate, even though successful at the polls, fails to represent the majority of eligible voters in his community or in the country, the blame must fall on those who did not go to the polls. Insofar as undesirable candidates succeed at the polls, the persons who did not take the trouble to cast their ballot can blame no one but themselves. If democratic governments, so perfect in theory, fail to practice, it is this non-voting element within our gates which is to blame.

Is there a lack of inducement to vote? Surely not. What greater inducement could be offered a citizen solicitous for the welfare of his country than the opportunity to help decide governmental policies and to establish more firmly and effectively the foundations of the most modern of governments? In this country and to an increasing extent in all the countries of the world, practically all progress is based on the working out of democratic principles of government, and the individual who fails to participate in the operations of such government by not voting is unworthy to share in the benefits of democratic institutions.

By setting aside the most important of all duties which a democracy bestows on its citizens, that of casting his ballot, this individual becomes a source of danger to his government. It is our plain duty to reduce this number of non-voters to its lowest terms.

In deciding to use argument and persuasion rather than militant onslaughts and recriminations in continuing its efforts for adjusted compensation for World War veterans, the American Legion adopted a policy of moderation that is based on common sense.

The fight for and against the bonus has developed too much bitterness. The campaign has been characterized by such phrases as "looters of the treasury," from one side, and "profiteers" and "ingrates" from the other. Nothing was gained for either side by this bitterness. Indeed, much was lost, for the controversy was shifted from the realm of reasons to that of emotions.

The bonus question, like all others affecting the public interest, should be discussed and acted upon according to its merits, without regard to the motives of some of its supporters or opponents. When the issue is beclouded with immaterial charges and counter-charges there is little hope of reaching a rational decision.

The Legion, in announcing its policy, did not criticize the President for vetoing the bonus measure, nor those who opposed its passage, recognizing, apparently, as most observers have, that their opponents in this matter are for the most part like the majority of the American Legion members, actuated by a sincere desire to serve the best interests of the country.

HOW TO KEEP YOUR BABY WELL

A Weekly Talk To Mothers Issued Through The Babies' Prophylactic Clinic, Henry Phipps Institution, 7th and Lombard Streets.

Baby's Habits and Discipline

Start your baby right by teaching him good habits instead of a bad habit which is so hard to overcome later on.

Always remember that regularity is the best habit that a baby can have. The more regular you are in working out a systematic schedule for your baby, the better it will be both for baby and for you.

Begin at birth and see that all his physical functions are regular. This applies to eating, sleeping and bowel movements.

Train The Bowels

In nothing is absolute regularity more important than in the training of the baby's bowels. This may be begun as early as at the end of the first month. It needs much patience, but the result is worth the effort.

It is possible to train your baby so you will have no more soiled diapers to wash after he is one year old. Besides, if you start your baby in this habit of regular bowel movement, you may save him from constipation when he grows older.

Watch the hour at which he soils his diapers. At the same hour the next day hold him over the chamber and if necessary use a soapy stick to start the movement. Keep this up day after day at the same time, until the baby is fixed in his habit.

After your baby grows older, he can be taught to grunt or to bear down at

TO THE PUBLIC

(Continued From Page One)

neglected and guessed at until it is too late to overcome its dire effects; if this were done many, many deaths which need not have occurred would be prevented.

A little sore on the tongue or lip that is slow in healing in many instances has been found to be Cancer.

The early treatment of skin or superficially localized Cancer by X-ray or Radium has many times been successful while breast cancer and internal organs that are affected and which are operated early yield a large percentage of cures.

The program for Cancer Week for Clearfield County will be to hold public meetings in Clearfield, Philipsburg, Osceola Mills, Houtzdale, Maden, Curwensville, Grampian and Coalport at which places addresses will be made by physicians, ministers and prominent laymen in which many things in relation to Cancer will be discussed.

The Medical Society feel that it is their duty to carry thru this program and they also feel that it is the duty of all Educators, Ministers and Public men to be equally active in helping to bring home to the public these few simple facts which if heeded may prevent much suffering and save many lives and be an economic gain to the State.

It is to be hoped that the public may take advantage of these public meetings which are designed to bring forcibly before them information which is of incalculable value to their physical welfare and life and that at each meeting people in every walk of life will be represented in large numbers.

Professor says we are 100 years behind with our music. Still, we are playing fast to catch up.

Nothing tickles a stay at-home more than seeing a tourist broke.

Two boats ran together about three miles off the Florida coast. Now wasn't that the limit?

SAGE TEA KEEPS YOUR HAIR DARK

P's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young. Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this read-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick and glossy and lustrous and you appear years younger.

PRACTICAL FOOTWEAR FOR THE ENTIRE FAMILY AT THE LOWEST PRICES

Misses' and Children's School and Dress Shoes

NEWS OF
OUR
NEIGHBORS

CURWENSVILLE

Miss Ruth Collins, a teacher in Huntingdon public schools, spent Saturday and Sunday in Curwensville visiting her parents, Rev. J. C. and Mrs. Collins.

Mrs. Caroline Weber of Troutville visited at the home of Mrs. Lette Bixler, North Pine street, yesterday.

Mrs. George Bressler was called to the home of her son in Centre county last week owing to his serious illness.

Messrs. Wall and Worthington of the Crescent office force, accompanied by their wives, left on Saturday for Wilkesport for a visit with friends over the Sabbath.

Walter Stan and wife of Portage, and Mr. and Mrs. Frederick Clet and her mother, of Philipsburg, were Sunday visitors at the home of Mr. and Mrs. Elmer Bloom over Sunday.

The funeral of Mrs. Florence Wink was held from the home of her son, William Wink, this afternoon at 2 o'clock, Rev. Conley, pastor of the Presbyterian church, officiating, the Rebekkah lodge also reciting their

burial service over the dead. Interment in Oak Hill cemetery. Deceased was born and raised in Licking Creek, ten miles from McConnellsburg, Fulton county. She was converted when eighteen years of age and united with the Methodist church, and was married the same year, her husband preceding her to the grave in 1879. Three children survive her, namely: Charles Wink of Deshler, Ohio; William Wink of this place and a daughter who resides at Dudley, Pa.

Mrs. Major Ganoe and four children, who have been stopping with Mrs. Ganoe's parents, Mr. and Mrs. C. S. Russell, in Curwensville, for some months, left yesterday for their winter home in the South.

Da Shaffer does not put himself forward as a potato raising expert, but when he lifted his crop from the ground recently he tossed 34 of the tubers into a half bushel measure and weighed the lot. They drew the scale beam down to the 30-pound notch.

Miss Bos. Clark has gone over to the DuBois Business College to take a course in stenography and typewriting.

The time for holding the mothers' meeting has been changed from Thursday evening to Wednesday evening when the ladies will meet at Mrs. P. E. Smith's on Susquehanna avenue.

The larger majority of Pike township residents are very much gratified over the manner in which Prof. Hege, the new supervising principal is handling the school work in that territory. He is reorganizing the old style of country school methods and putting the educational facilities on a one-book system, which will terminate in giving all township pupils

an equal footing on the same scale instead of one school using one kind of books and another school different kinds. It will take a little time and patience but, Prof. Hege is nauded from the right stuff and will get there just the same, even though some of the people are not in accord with his theories and methods.

Yes, there was a football game in Curwensville last Saturday, or what might be termed one. Reynoldsville came here, and along with the actual actors brought a string of fully equipped footers. They were all good fellows and took their defeat of 58 to 0 philosophically. The high school lads proved a little too swift for the visitors, and the team was made up principally of scrubs at that, more than a half dozen of the regulars not entering the game at all. Reynoldsville objected to Edwards, the colored line jammer, of the home team, on account of the fact that he had played football in Jefferson county three or four years ago. After the first half of the game had been played the coach of the visiting team realized that his boys had not the ghost of a chance of winning even a touchdown, and asked Coach Black to make the balance of the game six-minute periods instead of the regular twelve. The home players did not make much of their easy victory, but rather felt sorry for their vanquished opponents. Players in the visiting team met with accidents which compelled them to drop out of the game, and one of them had a leg or foot severely injured which will probably put him out of the game for the rest of the season. What we want to caution the home team about in particular, is not to allow Saturday's victory make them feel that they are impregnable, for on next Saturday they will go up against a harder and more expert squad of

young men at DuBois than they anticipate this early in the week. But we are assured that they will do their level best, win or lose.

Several days during the latter part of last week a gentleman representing the Clearfield Dairy Company was in town looking the territory over with the intention of starting a regular dairy route. He informed the writer on Sunday that he had succeeded in buying out four local milk dealers and expected to take over the rest of the output of the lesser dealers. Messrs. Bloom, Lezzer, Pentz and Morris turned over their routes this morning to the new purchaser. The dairy company will put an auto on the routes covered by those persons who have sold to him, and their supply of milk will be delivered by the new people each morning. What milk is not sold to Curwensville customers will be taken to Clearfield and sold from there. Heretofore there were not less than eight different individuals delivering milk in this town.

William Wolf, who sells lumber for a Williamsport firm, has returned to his home here after a two months' schedule in New York State and the northern part of this State.

A good many of the staid citizens of town are promulgating the idea that before any more paving is done in the borough that section from State street up Thompson to George street ought to receive attention. In the springtime when there is muddy weather this stretch of street is almost impassable, and the writer has witnessed automobiles sink to the axle in mud while on their way to the cemetery. The public building is situated about half way up this street and should fire occur at a time when the street is two feet deep with mud, it would be next to impossible for the

fire motor truck to get anywhere in good time. Meadow street is another section that ought to receive the paving approval of all, as at times its condition is about on a par with the Thompson street section.

Fabert street is finished at last. Contractor Thompson pushed the work as rapidly as he received the material to do it with, delays being forced on him by sand, cement and stone being held up in transit. Today he contemplates starting in on the South Walnut street contract, and if no bad luck or weather interferences, expects to complete that work in the time specified in the contract with Walnut street residents and not with the borough.

BIGLER LUMBERMEN BUY
LARGE TIMBER TRACT

O. R. Lansberry and Harold R. Walker, of Bigler, closed a deal at Huntingdon Saturday with the Puritan Coal Company of Mt. Union, Pa., for the purchase of 1162 acres of timber, located on the Huntingdon & Broad Top railroad, about five miles above Saxton, Bedford county.

This tract is probably the largest block of timber left in Central Pennsylvania. There is said to be 4,000,000 feet of oak and 1,000 cars of mine timber on the tract.

These young men, who are hustlers in their line, are both bachelors and "ourty" and the Bigler girls are worried over their leaving town for so long a stay while operating the timber, being fearful some husky backwoods Huntingdon county damsel may succeed in yoking them and leading them to Hymen's altar.

Not Many Women Color Blind. The number of women who are color blind is very small as compared to the number of men so afflicted.

NUMBER 249

DAUGHERTY RULING ON SHIPS UPHELD BY FED. JUDGE

Foreign Ships to Carry
Liquors For Crew Ra-
tions But Must File
Bond For \$25,000.

DRYS ARE PLEASED

New Yrk, N. Y., Oct. 23.—In an opinion handed down this morning Federal Judge Learned Hand upheld the ruling of Attorney General Daugherty on enforcing the Prohibition Law in the territorial waters of the United States and dismissed the petition of several steamship lines for an injunction against the enforcement of the Daugherty ruling. In dismissing the petition Judge Hand ruled that carriers flying a foreign flag might carry liquors for rations and give such rations within U. S. waters but that the said carriers must give bond in the sum of \$25,000 that the liquors and wines be dispensed in no other case.

Immediately on receipt of the news in Washington Federal authorities announced that there would be an immediate enforcement of the Prohibition laws in accordance with the Daugherty ruling.

Budget Director Lord Believes Expenses Can Be Pared \$750,000,000

Washington, D. C., Oct. 23.—An effort to curtail the government budget of expenses for the next fiscal year to the extent of \$750,000,000 below the expenses for the current fiscal year is being made. The figures submitted by government heads for the fiscal year beginning July 1st, 1923 have been pared to this extent, and Director General Lord believes that the saving of this sum together with \$200,000,000 interest due to be received from England during the next fiscal year should result in a generous cut in Federal taxes.

"PEGGY" BEAL ON TRIAL

Kansas City, Mo., Oct. 23.—Pretty "Peggy" Beal goes on trial here today for the murder of Frank Warren Anderson, whom she killed in a hotel room occupied by the couple last June. She will rely on her claim that she shot Anderson to save other women from becoming slaves to the wiles of the "perfect lover." Miss Beal declared Anderson showed her a list of more than fifty women who were victims of his love making.

COUNTRY CLUB DINNERS TO CONTINUE

It has been decided to continue the Saturday evening dinners and dances at the Country Club for an indefinite period.

DR. LYMAN ABBOTT, NOTED EDITOR, AUTHOR AND MINISTER, DIED SUNDAY

New York, Oct. 22.—Dr. Lyman Abbott, editor-in-chief of the Outlook, with which he had been associated nearly 40 years; clergyman, lawyer-author, died today. He would have been 87 next December. When the end came four sons and two daughters were at the bedside.

Dr. Abbott suffered a severe attack of bronchitis at his summer home last summer from which he never fully recovered.

The Rev. Lyman Abbott was one of the most active leaders in many avenues of religious and civic thought in the United States. As preacher, editor, author and theologian he exhibited a quality of character which impressed itself on all who came in contact with him, a singular poise and serenity of spirit.

As editor of the Christian Union, which was later to be known as The Outlook, his work, in association with

To Form Cabinet

Andrew Bonar Law, upon recommendation of David Lloyd George, has been asked to form a Conservative cabinet to replace the Coalition cabinet which resigned with Lloyd George.

BONAR LAW ACCEPTS PREMIERSHIP FROM BRITISH EMPEROR

London, Oct. 23.—Bonar Law this afternoon succeeded Lloyd George as Premier of England. Late today he called on His Majesty, The King, to announce his acceptance and at the same time Lloyd George visited the King to turn over the state seals and implements of office.

WANT HALLOWEEN PRANKS CUT OUT

Tuesday of next week is Halloween and the borough authorities will stand for a certain amount of "horse play" within reason, but Mayor Kitleberger has been receiving so many complaints from all over the town that he has instructed his police force to arrest every boy engaging in halloween pranks during this week.

There is no sense in having our citizens annoyed by these malicious pranks and it must be stopped or arrests and fines will follow.

GREGORY—SHAUGRAW

Thomas Gregory and Eulalia Shaugraw both of Clearfield, were united in marriage by the Rev. C. K. Gibson of the 11th St. M. E. church Wednesday evening Oct. 18. They will reside in Clearfield.

WIN BRIDGE FINALS

Mrs. William Scott Piper was first and Mrs. Fred Todd, of Philipsburg, second in the finals played on Friday evening, of the Bridge Tournament held at the Country Club on Wednesday afternoon.

THE WEATHER

Washington, D. C. Oct. 21, 1922.—Weather outlook for period Monday, Oct. 23 to Saturday, Oct. 28, 1922, inclusive: Generally fair and cool.

RED CROSS MEETING AT DUBOIS A GREAT SUCCESS ON FRIDAY

Over One Hundred Men
and Women Give Day
to Discussing Methods
of Carrying On Work.

OFFICERS SPEAK

The Red Cross Regional Conference that was held in DuBois Friday, Oct. 20, was an exceptionally successful event, not alone in point of attendance, which was most gratifying, but also because of the many excellent talks that were given and the points brought up that will prove of value in future work.

All sessions of the conference were held at the American Legion rooms kindly donated for the purpose, and there was an attendance of over 100 persons, a large majority of whom traveled a considerable distance to get there. The present excellent condition of the roads enabled many of them to come by machine.

Mrs. L. V. Deemer was the presiding officer at the morning session, which was opened by an address of welcome by W. G. Brown, local chairman.

The opening session was held at 10:15 o'clock, at which time a roll call was held, followed by a discussion of the branch work and finances. The feature address of the morning session was given by J. T. Nicholson, director of Junior Red Cross Work, Mr. Nicholson being from the Washington division. Mr. Nicholson is a man thoroughly conversant with his work, a fluent talker and a man of practical ideas, as well as an individual of ideals. Mr. Nicholson pointed out the importance of training the young child in citizenship, and declared that it was his opinion that children are ready for citizenship and should not be looked upon merely as children in this important respect.

At 12 o'clock a luncheon was served.

The presiding officer for the afternoon was Mrs. G. W. Zeigler, chairman of the Moshannon chapter, Philipsburg. The first question discussed was the "Problems of the ex-Service Man." The discussion was opened by Mrs. J. R. Clifford, secretary, of DuBois, who presented a number of typical cases, together with the manner in which they were handled and the problems that had to be surmounted. Mrs. Clifford was followed by Miss Minnie Feldman, executive chairman, of Franklin, and Mrs. Bernard E. Willard, of St. Marys, home service secretary. The discussions continued on page 3.

Man And Woman May Be Indicted In The Hall-Mills Murder

New Brunswick, N. J., Oct. 23.—Indictments by the grand jury in connection with the Hall-Mills murder case may be forthcoming today as the grand jury is sitting at Somerville, N. J., continuing the investigation. If indictments are made, they will charge a man and a woman with complicity in the crime and possibly another man as an accessory to the crime. The grand jury, however, may be in session several days.

ARMY OFFICER AND HOOTCH CARRYING AIRPLANE CAPTURED

Laredo, Texas, Oct. 23.—An army official, his mechanic and an army airplane are held by local authorities following the frustration of a booze delivery from across the Mexican border. Fifteen sacks of liquor were found in the plane when it landed and was taken into custody. The authorities were secretive and would not divulge the name of the army officer accused.

On Trial for Slaying Two.

Mrs. Catherine Rosier (above) is now on trial for the slaying of her husband and his stenographer. The prosecution sought to have the baby barred from court on the ground it would unduly prejudice the jury.

PHILIPSBURG CHILD KILLED ON STREET BY AUTOMOBILE

Philipsburg was the scene Friday afternoon of one of those shocking fatalities that are happening with increasing frequency all over the country as a result of the rapid development of motoring. Frederick T. Long, the baby son of Mr. and Mrs. Arthur Long, of 222 Ninth street, was struck by an automobile about 4:30 in the afternoon, causing injuries that resulted in death at the Cottage State hospital an hour later.

According to informal investigation conducted by Dr. W. R. Heaton, Centre county's coroner, the tragic affair was wholly accidental and not due to fast or reckless driving nor to negligence or carelessness. Coroner Heaton questioned several persons who witnessed the accident or were nearby at the time.

The mother of the child had gone into the back yard for a few minutes to attend to the chickens. The baby, during her brief absence left the front of the house, it seems, and got into the gutter. Mrs. Jack Wallin, of Locust street, motored up Spruce street in her Studebaker sedan. With her was Miss Leone Wooster. They turned the corner of Spruce and Ninth, driving southward. The Long residence is on the east side of Ninth and the house next to the corner. The baby, it is said, started to cross the road at the time and was run down.

Miss Edna Close picked the little one up in an unconscious condition. Earl Nixon came along and accompanied by Miss Close and Miss Edna Hartsock hurried to the Cottage State hospital with the babe. An examination revealed that the injuries to the babe's head proved fatal. It died within an hour without regaining consciousness.

The child, a bright, lovable little fellow, was the idol of its parents and the young mother is almost heartbroken. Mrs. Wallin is nearly distracted over the unfortunate affair. There are two other children in the Long family, Jessie and Billy, the former the eldest. Mrs. Long was formerly Miss Mabel Twigg. Her baby, the victim of the accident, was born Dec. 15, 1920.

Funeral services will be held at the Long residence Monday afternoon at 2 o'clock.

GOUCHER COLLEGE GRADS MEET

A meeting followed by a dinner was given at the Country Club on Saturday and attended by Goucher College graduates from Clearfield and surrounding towns, represented by Mrs. Horace McCardell, Osceola; Miss Evelyn Reed of Philipsburg, and Miss Jane McChure, of Big Run.

TO THE PUBLIC

State Medical Society Asks
Support of People for Cancer
Week To Be Observed
November 12th to 18th.

LEARN HOW TO AVOID IT

The Medical Society of the State of Pennsylvania, through the Clearfield County Medical Society wishes to announce that all over the United States of America the week of Nov. 12th to the 18th is to be Cancer Week, during which time the American Medical Profession by their activities in disseminating knowledge in regard to the prevention of deaths from Cancer are endeavoring to discharge a public duty and debt.

During the World War the United States of America lost in killed 80,000 soldiers in two years while during the same two years 180,000 people died in this country from Cancer. Cancer apparently is on the increase. One reason for this may be the great lessening of infant mortality and the general prolongation of life expectancy.

As Cancer is a disease of middle life and old age there are more people attaining to the fourth and fifth decades of life, consequently coming into the so called cancer age, after the age of forty. Occasionally Cancer may come in early life and many of the malignant growths known as Sarcoma or tumors do assail the adolescent and the young adult.

It should be known that chronic stomach troubles may and often do eventuate in Cancer. People in the fourth and fifth decades of life, suffering as they believe from hemorrhoids when examined by a competent diagnostician are frequently found to be suffering not at all from Hemorrhoids but in reality from Cancer.

The mother of a large family, one of the most important and most needed individuals in the community is frequently the unsuspecting victim of this dread disease.

Any lump or unusual discharge should be at once reported to a family physician and a careful and painstaking examination made to ascertain its true nature and not be (Continued on Page 4).

ANNUAL MEETING OF THE CLEARFIELD CHAPTER OF AMERICAN RED CROSS

The Annual meeting of the Clearfield Chapter of the American Red Cross is called for Wednesday, Oct. 25, 1922, to meet in the High School Auditorium at 4 o'clock p. m. for the purpose of electing an Executive Committee, considering reports and transacting such other business as the Chapter may be competent to transact.

All members of the Chapter are urgently requested to attend. A large attendance is requested.

BETTER GO EARLY IF YOU WANT A SEAT TO HEAR THE CHOIR

As the time approaches for the appearance of the Williamsport Consistory choir, under the direction of Mr. Frederic Manson, in the Trinity M. E. church tomorrow evening, more and more interest is being manifested by lovers of music from this city and the entire surrounding territory.

The committee in charge are being importuned from all sides for admission tickets but this committee wishes it directly understood that this wonderful recital is absolutely free to everybody and that there will be no collections, admissions or anything of the sort taken. This choir is brought here thru the beneficence of the local members of the Williamsport Consistory and done through an idea that what they have heard and thoroughly enjoyed in the convocations of their fraternity at its meetings in Williamsport, would be as much of a pleasure to the folks who do not have the opportunity to hear such singing as Mr. Manson's men can do.

Every voice in the choir, which consists of thirty men, is a trained voice and not only has it been trained for solo work but the expert musicianship of the director has brought out a harmonious blending of the parts so that an ensemble of more than usual brilliance has been wrought.

Wherever the Consistory Choir has appeared in recital, it has been greeted with capacity houses, a tribute to the quality of the music the men render. And wherever the program has been completed, there have been loud clamorings for a return engagement.

Arrangements have been made by the officers of Trinity church that the auditorium and Sunday school room be thrown into one room for this event, providing a seating capacity of 1200, and there is no doubt but what every seat will be filled tomorrow evening. Concert begins promptly at 7:45. Be in a seat at 7:30.

MRS. HEISEY, AGED 106 ATTENDS SUNDAY SCHOOL

Sunday, October twenty-second will go down in the history records of this church as the biggest in her history. As is usually the case during recent years the goal which the congregation and pastor has set for Rally Day was easily attained and exceeded for 553 were in attendance at the Sunday School service. Dear old grandmother Heisey who is nearing her 107th birthday, honored the school with her presence. With the two infants who were baptized both the oldest and youngest members of the congregation were there. Pleasing music by the orchestra and the Junior choir interspersed addresses by Rev. Hauser, Superintendent Paul Dietzel, and Asst. Supt. E. O. Tobias. These were followed by a stirring call to the members to be 100 per cent workers for the advancement of His Kingdom, by Mr. R. A. Zentmyer, President of the Blair County Sunday School Assn' and vice president of the Penna. State Sunday School Assn. All in all it was a day long to be remembered by everyone who attended.

SCOTTDAL PUBLISHER DIES

Local relatives were advised by wire yesterday of the death at Scottdale, Pa. on Saturday of Howard Cramer, a former resident of Clearfield. The deceased, who was a printer by profession, had been publishing a newspaper at Scottdale for a number of years.

He was married to a daughter of the late Mr. and Mrs. Samuel J. Row, of Clearfield, sister of Mrs. F. G. Chormenning and S. A. Row of this place, who survives him. He is also survived by four sons and three daughters.

COMMERCIAL CLUB TONIGHT

The regular meeting of the Commercial Club will be held at Jordan's this evening at 8:15 and the entertainment committee has promised a usual high standard.

A. B. Reed will tell of Clearfield fifty years ago and there will be some novel entertainment.

STATE TAKES OVER INVESTIGATION OF HALL-MILLS CASE

New Brunswick, N. J. Oct. 23.—The state of New Jersey today took over the investigation of the Hall-Mills murder mystery, Attorney General McCran named Grover Mott, a former County prosecutor in act for the state. He will be assisted by Jimmie Mason, a detective of Newark, N. J., who enjoys a state wide reputation as an investigator. Prosecutor Brickler has tendered them his support and announced his willingness to take orders.

Baby Killed In Auto Accident Near DuBois At Noon On Sunday

DuBois, Oct. 23.—As the result of an automobile accident that happened Sunday shortly after noon, one person, a two-year-old baby, was almost instantly killed and four others injured, one quite seriously.

The dead:

Don Watson, two-year-old son of Alex Watson, of 102 Dixon avenue, injured about the head, died while being taken to the hospital.

The injured:

Walter Watson, driver of the car, cut and bruised about the face and body.

Robert Simpson, Carson avenue, arm broken and severe injury of the pelvic bone, condition regarded as serious at Maple avenue hospital.

Earl Watson, cut and bruised, condition not serious, at Maple avenue hospital.

Alex Watson, bruised and cut, taken home.

The accident happened almost at the intersection of Tozier avenue and Knarr street. The Watson family and Robert Simpson had been to the Little farm and were returning home, coming down Tozier avenue off Highland. Residents of that vicinity who saw the machine coming own the hill state that it was coasting along at a moderate rate of speed when suddenly there was an explosion and the car started towards a high bank on the right hand side. The car plunged into the bank and turned completely over, tossing the occupants right and left. Nearby residents hurried to the scene of the accident and assisted the occupants in getting free of the wreckage.

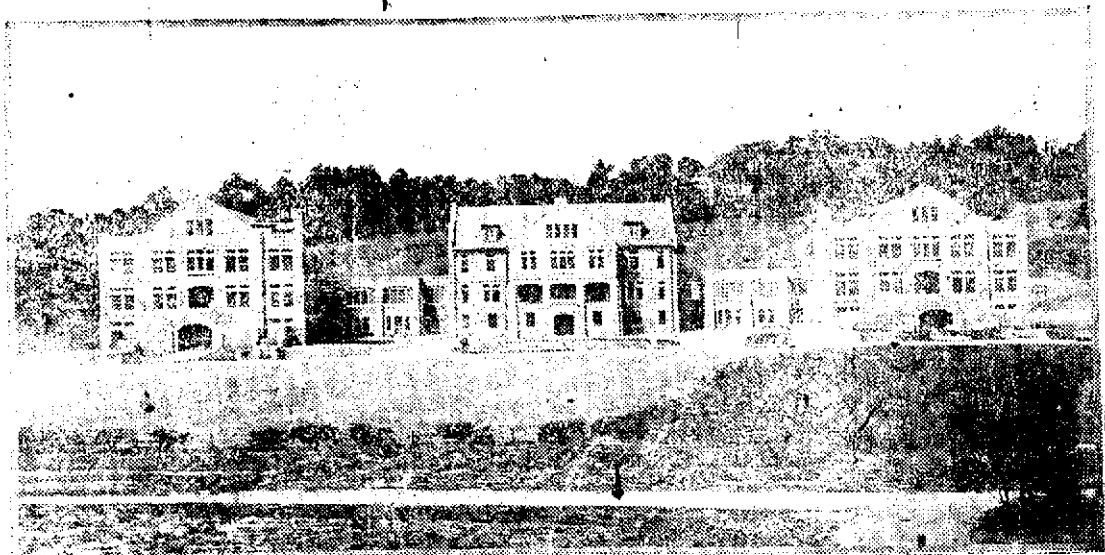

14 LOSE LIVES IN TENEMENT FIRE IN NEW YORK CITY

New York, Oct. 22.—Fourteen persons, most of them children, lost their lives early today in a fire, believed to be the work of a pyromaniac. The flames swept with murderous suddenness from cellar to roof of a five-story brick tenement at Lexington avenue and 110th street in the thickly populated East Side.

The blaze apparently started in a baby carriage under the stairs in the lower hall under almost identical circumstances as in an upper west side apartment house, which resulted in seven deaths. So quickly did the flames shoot through the building that a number of the dead were found in bed, burned or smothered.

A score of persons owe their lives to 17-year-old James Donnell, a mechanic helper, who was eating at a restaurant in the vicinity when he heard a woman cry for help. Running to the street he saw a woman leaning out of the second story window with two children in her arms. The youth climbed on the sill of a window and reached them. He led the three down the fire escape and then rescued the baby of the family. Later he went to the roof of an adjoining building and by throwing a board over to the fire escape made it possible for other tenants to get out of the burning building.

Pennsylvania Masons Dedicate Fine Hospital at Elizabethtown Home

Elizabethtown, Oct. 23.—"And the greatest of these is charity" might well have been taken as a text by each speaker at the dedication today of the Philadelphia Memorial Hospital at the Masonic Home. That building, consisting of three, units, and completely equipped at a cost of \$200,000, stands a monument to the generosity of the 50,000 members of the fraternity affiliated with Philadelphia lodges.

The ceremonies were impressive but without pomp. The presentation address on behalf of the donors was made by Otto R. Heiligman, of Potomac Lodge No. 441. R. W. Grand Master Abraham M. Beitler responded for the Grand Lodge, which is the governing and administrative body of the Home.

Addressed by Edgar F. Smith, representing the Scottish Rite Bodies of the City of Philadelphia, and Dr. J. P. Martin, State Commissioner of Health, were given great attention by the throng which journeyed from Philadelphia for the dedication.

Grand Lodge Officers Present. The Grand Lodge officers present, besides Grand Master Beitler, were Deputy Grand Master Samuel M. Leachman, Senior Grand Warden William M. Hamilton, Junior Grand Warden J. Willson Smith, Grand Treasurer Charles E. Roberts, Grand Secretary John A. Perry.

The Committee on Masonic Homes,

consisting of Past Grand Master George B. Orady, Edward W. Patton, William M. Donaldson, Andrew H. Hershey, Henry C. Schock, David J. Davis and August Daub, was also present along with many who by their work and contributions for the support and advancement of Masonic institutions are recognized as pillars of the fraternity of Pennsylvania.

The hospital has been pronounced a model by authorities on equipment and facilities. It has been provided with all comforts and necessities for many months' requirements. The units with forty beds each are housed in opposite ends of the structure, with the administration building in the center.

Completion of the hospital was held up during the war. The first unit was completed in 1916. During the influenza epidemic of 1918 the staff of physicians and nurses cared for eighty-two residents of Elizabethtown and rendered a service which has endeared the institution to the community.

The executive committee, which for six years has done the major work of raising funds, attending to details and supervising construction, included Grand Master Beitler, Justin P. Allman, Otto Rangnow, J. Wallace Radcliffe, Frank C. Harris and William C. Haddock. Mr. Haddock, who was formerly Director of Public Works of the City of Philadelphia, gave considerable time inspecting the work as it progressed.

Residents Number 400. The residents of the Home, numbering about 400, range from four

years to extreme old age. The Home cares for the children, both boys and girls, of deceased Master Masons and for dependent brethren and their wives and for the widows of Master Masons, their sisters, adult daughters and mothers. The average age of the adult guests is about seventy-three. Their entertainment is provided by clubs, societies and individuals, many traveling from Philadelphia, Harrisburg, and Allentown to furnish concerts, amateur and professional vaudeville.

Since June, 1910, when the first guest was received, the Home has made wonderful progress. The grounds, of 1000 acres, have been developed, new buildings erected, orchards planted, athletic fields laid out, until now as a beauty spot travelers from all parts of the State and country come to see it. In the year 1921 more than 35,000 visitors registered at Grand Lodge Hall.

One section of the grounds is a particularly hallowed spot. It is Memorial Grove, where 264 oak trees have been planted. Each tree is named for a member of the fraternity who died in service during the world war.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

CONDITIONS WILL HOLD BACK OUR GREAT MILK DRINK

We proposed to have a new milk drink for you that would make drinking of milk in your home one of the things that every one would be excited about but, until the present-milk stringency is relieved we deem it better not to put this drink out. Just as soon as we find that we are having the usual supply of milk, we will tell you about this new drink and how well you are going to like it.

Meantime, drink plenty of plain milk and keep it on your menu daily.

TRINITY CHURCH EVENTS

Sunday school held up attendance with an advance in offering over the average. Dr. R. S. Oyler was in the session, presenting the School of Religious Education, which will be held in his church, Phillipsburg, for the Clearfield section of both Altoona and Williamsport districts. This school is an extension of the great summer school held for ten days at Dickinson College last July. It will open Monday, November 6, continuing nightly to Friday, 10th; registration fee \$1. The course of studies is varied yet timely, with a faculty very strong.

Dr. Oyler, a former pastor of Eleventh Street church, preached on "Evangelism" in an impressive manner and with great helpfulness and edifying of the people. Trinity's pastor was in Trinity church, Phillipsburg, on an exchange to meet the appointment of Dr. Oyler to present the School interests to every one of the three Methodist Bible Schools in Clearfield.

At night, before an exceptionally large audience, in which, with several commercial travelers and strangers from far and near, which was a very large portion of young women, the pastor made a study of "Jazabel as a type of Wicked Women, whom history holds in righteous disgrace because with their brilliant parts they have lacked every element of noble character, the only enduring honor and the most potential constructive factor in life and in human affairs. History was almost ransacked in illustrative proof of this

position which was restated from Mes-salina, Mary, Queen of Scots, Anne Bolyn, Catherine de Medici, Lucretia Borgia, Catherine I. of Russia, Madame de Pompadour and others equally notorious and infamous. The special music of the choir was happily selected and heard with interest. Chorus, quartette and organ selections were presented with force.

This week in Trinity: Tuesday, 7:45 p. m. musical treat—exception program by the Consistory Choir of Williamsport. Frederic Manson, leader; sittings free to all music lovers. Wednesday mid-week congregational gathering for inspirational revival study and preparation, followed by Trustees meetings. Visitation between Ogden and Walnut. Next Sunday, Good Literature Day.

Too Bad It Wasn't Twins

That's what we always think whenever a Dad walks in with his son forced to buy a complete new Suit because the single pants of the Suit gave out while the coat was just getting warmed up.

It's too bad, too, that more parents do not insist on two pants Suits, for it's just as logical as carrying a spare tire. We specialize on DOUBLE barreled Suits first by having them—and then by not being afraid to let them go at low prices.

VIRGINIA CHOCOLATE SHOP

C. H. S. AN EASY WINNER OVER STATE COLLEGE HIGH IN SATURDAY'S GAME

By DICK LEHOLD

After being held scoreless for fifteen minutes of torpid play, and with seven points registered against them, Clearfield High's stalwarts arose and trampled the plucky State College High eleven under, 39 to 7, Saturday afternoon at the Park Gridiron. The small crowd that witnessed State's downfall was treated to all kinds of football, both good and bad. Clearfield entered the game confident of an easy conquest. State lined up with a record of three straight victories on foreign fields, but still in the minds of most fans the visitor's chances of winning were meager.

State Scores Early on Tumble
After receiving the kickoff, State was unable to make substantial gains and punted deep into C. H. S.'s territory. "Swede" Johnson caught the oval and started to run it back, when viciously tackled by End Graham of State. The ball bounded out of Johnson's arms as he hit the turf, and Williams, the visitors ever alert left half scooped it up and raced across the goal line for the first score of the afternoon. The teams lined up and Left End Lombey was called back from the line to drop kick. The Centre county line held and Lombey booted, a neat drop kick over the bar. Score, Clearfield, 0, State 7.

The effect of having the visitors score so easily, even if it were a fluke seemed to serve as a regular knock-out drop to the Red and Black. Clearfield's machine started to sputter, and display every symptom of an ailing motor car. The fact the locals were like a wonderful looking Stutz racer with an ancient Ford engine under the hood, lacking speed, power or drive during this hectic first quarter. On the other hand, this husky Maroon clad team from Centre county's knowledge foundry, played as the dynamo driven, smashing thru Clearfield's interference for savage tackles that usually stopped C. H. S. before worth while gains were negotiated. State College's offensive drive soared to giddy heights at this time, when they cut loose with shift play formations with several variations, including the hidden ball trick. Quarterback Resides of State was the ace of the Maroon attack. This stocky youth used fine judgment in directing the play, and was the out standing player of the visitors. He was fast as lightning in his charges thru tackle and could run the ends like Paddock finishing the 100 yd. dash—always plunging, twisting and "ceiling" in and out" till downed, as many a Clearfield tackler will testify. The first quarter ended with State ahead 7 to 0.

Clearfield Comes Back Strong
Signs of life slowly worked into C. H. S.'s play. The interference formed better, the line rush tackled harder and surer. State was repeatedly thrown for losses on end runs by Howe and Mohny. Clearfield's first score came a few minutes after the second quarter started. Taking the ball from State on downs in the local's territory, Clearfield started an unyielding drive down the field; Mitchell, the Johnsons and Brown, rearing off gains that varied in length from 5 to 18 yards, six plays placing the ball within scoring distance, when Quarterback Swede Johnson shot thru tackle for a touchdown. Attempted drop kick failed. Score State 7, C. H. S. 6.

State received the kick off, but were held. Fullback Hollobaugh punted to "Swede" of C. H. S. Clearfield started on another march down the field that did not end until State's goal line was crossed. Mitchell snaked thru for 8 yards. Brown and "Swede" Johnson ripped two first downs off on successive plays. Mitchell broke thru tackle for a good gain when the opposing end was "boxed." Hod Johnson circled left end for 10 yards and a first down, placing the ball on the visitors 35 yd. line. State stiffened and held Clearfield for two line plays, but like a bending dam holding at bay a sudden influx of water, the Maroon forwards weakened, and the local backs broke thru like a torrent. Fullback Brown carrying the ball across on a mass formation thru center, after "Swede" had placed the pigskin on State's 5 yd line thru a pretty zigzag run of 25 yds. Line back for extra point failed. Score C. H. S. 12—State 7.

Clearfield kicked to State's 30 yd. line, where on the second play "Ham" Howe grabbed a State fumble and tore for a touchdown, but the officials would not allow it. The half ended after the next play. Score first half, C. H. S. 12, State 7.

Locals Improve as Game Progresses
With the dying sun slowly sinking back of coal hill, State kicked off to Clearfield. The college town lads defended the west goal line with such aggression that "Swede" Johnson was forced to punt. State worked the ball to the local team's 35 yd. line, and attempted a drop kick, which failed, the ball rolling to C. H. S.'s 8 yd. line, where it was put in play. "Swede" Johnson got off a beautiful punt of 50 yards, which State's safety man fumbled, and End Mohny of C. H. S. picked up and legged it to State's 7 yard line before he was downed.

At this stage Clearfield attempted a forward pass, which was intercepted and lost for the locals what appeared to be a sure touchdown. During the next two minutes State proceeded to just reverse the above play on C. H. S.

The visitors punted. Mitchellree fumbled and a State man snatched the elusive pigskin up and dashed for the Red and Black's goal. He out-jumped or out-jiggled all of Coach Reed's pupils but Hody Johnson, who altho sporting a bum knee, cut across the field and stopped what looked like a six or seven point tally, on his own 6 yd line. Clearfield held State for downs at this stage then, punted out of danger. Clearfield was fought to a standstill the remaining few minutes of the third quarter. State really displayed a wonderful fighting spirit during the first two periods and really out fought the locals.

Condition of C. H. S. Tells
The good endurance of the local team began to show in the third quarter, when the visitors were being battered down by Clearfield's forwards. By taking out the opposing ends the locals registered gain after gain thru end and tackle "Swede" Johnson going over the line from the Centre county eleven's 10 yd line, shaking off a half dozen of the fast weakening State defenders. Pass for point failed. Score C. H. S. 18, State 7.

State Opens Up Attack
State received the kickoff, and opened up with an arial attack that looked menacing. Quarterback Resides tossing a pass to half Mays for a 30 yd. gain, but Mohny jumped into the next pass giving C. H. S. the ball on State's 45 yd. line. State was penalized 10 yds for holding. A series of mass formations and off tackle plays placed the ball on State's 12 yd. line. Full back "Bill" Brown crushed the Maroon line for thirteen yards of real "heady" work, bowling over a half dozen Staters for a touchdown. Hody Johnson kicked a perfect drop kick. Score, Clearfield 25, State 7.

Half back Bobby Wilson was injected into the game, and on the first offensive play of State, ran out and caught a pass intended for left end Graham. Clearfield then started a passing game which brot another score in two plays; i. e. "Swede" Johnson hurled a pretty pass to the zailing arms of left end Mohny for a twenty yard gain, then switching the passer, called "Hody" Johnson back to receive. Hody shot a well executed spiral to "Ham" Howe, right end who crossed the line for C. H. S.'s fifth touchdown. Hody Johnson booted a dropkick. Score C. H. S. 32, State 7.

Clearfield's final score was made in the closing minutes of play, when the badly battered visitors threw a pass too near the long arms of "Hod" Johnson, who confiscated the oval and ran it back for a touchdown, stepping off a good 40 yards along the students' bleachers, heading east. Bill Brown dropkicked another point. The game ended a minute later, final score C. H. S. 39, State College 7.

NOTES OF THE GAME
Watching Clearfield's playing Saturday was like looking into a Kaleidoscope. One minute brilliant, the next dead. Brown, "Hody" Johnson, "Swede" Johnson showed that they

ODDS AND ENDS AND THINGS

By J. D. C.

Caruso's earnings in America are told for the first time in some detail, and in what may be taken as official figures, in the biography of the late tenor by Messrs Key and Zirato, just published by Little, Brown & Co., of Boston. He received from the Metropolitan in his first season \$29,807; then \$65,664, \$87,984 and \$89,280 in three following years and 1907-8 the prodigious figure of \$187,500 in part accounted for by outside engagements in concert here or in opera abroad. Two seasons later the figure was \$158,350 and in the last full year he sang it was \$117,550. His total opera and concert receipts could not have been far different from the sum of the usually equal amounts annually received from his voice records, as to which Mr. Key has authority of Calvin G. Child for a grand total of \$2,225,000 up to a year after the tenor's death. He doubtless earned \$5,000,000 in America, far beyond his dreams when he talked of making this country his home.

Criminals can be forced to tell the truth while under the influence of scopalamine anaesthesia, or, as it is better known, "twilight sleep," according to Dr. E. E. House, Ferris, Tex., who has asked indorsement of the Medical Association of the Southwest for a proposed experiment on a thousand prisoners in the Leavenworth, Kan. penitentiary to demonstrate his theory.

Dr. House has been experimenting with the anaesthetic five years, he told members of the association, and declared he had tried the "twilight sleep" method of securing evidence on a number of alleged criminals and others in his own State, and "had never failed in any attempt to rob the mind of its stored truths."

The anaesthetic does not produce a valuable condition, he said, but at its most potent stage questions can be propounded and, "without failure as yet, answers have been forthcoming."

"If the 'twilight anaesthesia,' were properly recognized and used for the purpose suggested," Dr. House continued in his address, many injustices would become impossible.

have the ability to play real football. Mitchellree and Wilson will develop being young and new at the game.

The local line was very erratic, holding like a stone wall sometimes, then again being a regular sieve for the opposing backs to rear thru. Coach Reed used many subs through out the game on the line rush.

States squad, twenty-five strong arrived in Clearfield Friday evening, and put up at the Jordan hotel.

After the game, State High's manager remarked: "This was one of the cleanest games our boys ever played in, and our treatment by the Clearfield officials was fine, after some of the poor deals we get in other towns."

Clearfield Squad is in for one tough week of hard work. The coaches were not pleased at all with their proteges' performance. Backfield and line will receive about the same lashing.

A couple dozen State rooters made the north bleachers roar till Clearfield forged ahead.

Philipsburg, Tyrone and Coquet township all bowed to State College prior to Saturday's game, playing on their home fields.

The State high machine plays eight out of ten games on foreign fields this fall.

RED CROSS MEETING
(Continued From Page One)

brought forth a number of points that have been puzzling to Home Service Workers, and cleared away a number of complications. This round table discussion was

followed by an address on the part of Mrs. J. H. Martin, Mrs. Jno. Ken-J. Arthur Jeffers, assistant manager of the Washington Division, who spoke at length on the situation as it now exists in Smyrna, where thousands of refugees are desperately in need of assistance, and of the forthcoming Red Cross drive. The address was a most comprehensive presentation of the situation, both home and abroad, and imported many valuable pointers for the work in the future, especially in regard to the coming membership drive. Speaking in regard to the money that is collected, Mr. Jeffers pointed out that while it was true that fifty cents out of every dollar subscription went to National headquarters, the national headquarters only secured fifty cents out of subscriptions of \$5, \$10, and even \$100. He stated that the overhead expenses of the National Red Cross included all work at home and abroad was less than five cents out of every dollar contributed.

He made a stirring appeal for the Red Cross workers to go into the membership drive with a vim and discussed the various plans that are used in different cities. He commended the Pittsburgh plan very strongly.

This talk was followed by one of Barnhill by Mrs. Kathryn Taylor, of New Kensington, this feature of the work being ably presented.

A feature of the morning session was a talk on Red Cross nursing in rural communities by Miss Helen Erskine, supervising nurse, of Williamsport. Miss Erskine has had a wealth of experience along this line and her talk was of particular value.

The delegates were very much delighted with the hospitality extended to them by the local Red Cross chapter, and especially for the excellent arrangements made by the local secretary, Mrs. J. R. Clifford.

Following is the list of those present:

Galeton, Pa.—Mr. H. J. Curran, Mrs. H. H. Newton; Johnsonburg—Mrs. J. J. Geary, Mrs. S. F. Barrows; Kane, Pa.—Margaret R. Quinn; Philipsburg—Mrs. G. W. Zeigler, Miss Matlack; Punxsutawney—Mrs. Adams, Miss Boyer, Mrs. Ley, Mrs. Dickson; Renovo, Pa.—Mrs. G. E. Weidler; Ridgway, Pa.—Mrs. Boman, Mrs. Maude Schimmelfling; St. Marys—Mrs. B. E. Willard; Smethport—Mrs. J. A. Nollis; Warren, Pa.—Ethel V. Morrison, Mrs. J. H. West, Miss Isabel Wilson; Williamsport—Miss Helen Mar Erskine; Armstrong county—Mrs. C. P. Grim, Miss G. H. McAlen; Bellefonte—Mrs. O. E. Kline, Mrs. McClure Gamble; Bradford—Mr. W. G. Drew; Brookville—Miss Anna E. Kyle, Mr. L. M. Wilson, Mrs. Brown, Mrs. Frank Arthurs, Mrs. T. B. Shannon, Miss Grace I. Brick, Mrs. M. H. Milford, Mrs. Cora Deemer, Mrs. J. B. McKnight, Mrs. Anna H. Horner, Mrs. Raymond E. Brown, Mrs. F. C. Deemer, Mrs. C. R. McNeil, Mrs. J. T. Armstrong, Miss A. B. Jenks, Mrs. C. Z. Gordon; Summerville—Mrs. Rosecoe Carrier; Reynoldsville—Mrs. Frank Alexander; Emporium—Miss Ruth Shaw, R. N. Mrs. Winnifred Whittaker; Clarion—Mr. C. D. Klahr, Harry C. Craig, Ida B. Robinson.

Clearfield—Miss Mary Withrow,

Mrs. J. H. Martin, Mrs. Jno. Ken-J. Arthur Jeffers, assistant manager of the Washington Division, who spoke at length on the situation as it now exists in Smyrna, where thousands of refugees are desperately in need of assistance, and of the forthcoming Red Cross drive. The address was a most comprehensive presentation of the situation, both home and abroad, and imported many valuable pointers for the work in the future, especially in regard to the coming membership drive. Speaking in regard to the money that is collected, Mr. Jeffers pointed out that while it was true that fifty cents out of every dollar subscription went to National headquarters, the national headquarters only secured fifty cents out of subscriptions of \$5, \$10, and even \$100. He stated that the overhead expenses of the National Red Cross included all work at home and abroad was less than five cents out of every dollar contributed.

Washington Division—J. Arthur Jeffers, assistant manager; J. T. Nicholson, director Junior Red Cross; Miss Elizabeth J. Miller, field representative.

Those of us who are interested in numbers, and are the more pleased the larger the numbers are, will do well to consider the number 54,421,832, and beside this they should place the number 26,759,703, which is even more important than the larger number.

Placed side by side these two sets of numbers are even more significant than is indicated by the amount they represent. Both of these numbers are constantly growing, but the smaller one is not growing so fast as it should. To the effort to make the smaller one grow so as to catch up with the larger we should all of us be giving a good deal of thought. For unless we can bring this about we shall presently have to begin to look to the foundations of our democracy.

The larger number represents the total number of eligible voters in the United States, and the smaller one represents the number of persons who voted in the last national election. The difference between the two, 27,662,124, represents the number of persons in this land of democracy who did not take upon themselves the duty of making our government a democratic one in the widest sense of the word.

Insofar as any candidate, even though successful at the polls, fails to represent the majority of eligible voters in his community or in the country, the blame must fall on those who did not go to the polls. Insofar as undesirable candidates succeed at the polls, the persons who did not take the trouble to cast their ballot can blame no one but themselves. If democratic governments, so perfect in theory, fail to practice, it is this non-voting element within our gates which is to blame.

Is there a lack of inducement to vote? Surely not. What greater inducement could be offered a citizen solicitous for the welfare of his country than the opportunity to help decide governmental policies and to establish more firmly and effectively the foundations of the most modern of governments? In this country and to an increasing extent in all the countries of the world, practically all progress is based on the working out of democratic principles of government, and the individual who fails to participate in the operations of such government by not voting is unworthy to share in the benefits of democratic institutions.

By setting aside the most important of all duties which a democracy bestows on its citizens, that of casting his ballot, this individual becomes a source of danger to his government. It is our plain duty to reduce this number of non-voters to its lowest terms.

In deciding to use argument and persuasion rather than militant onslaughts and recriminations in continuing its efforts for adjusted compensation for World War veterans, the American Legion adopted a policy of moderation that is based on common sense.

The fight for and against the bonus has developed too much bitterness. The campaign has been characterized by such phrases as "looters of the treasury," from one side, and "profiteers" and "ingrates" from the other. Nothing was gained for either side by this bitterness. Indeed, much was lost, for the controversy was shifted from the realm of reasons to that of emotions.

The bonus question, like all others affecting the public interest, should be discussed and acted upon according to its merits, without regard to the motives of some of its supporters or opponents. When the issue is beclouded with immaterial charges and counter-charges there is little hope of reaching a rational decision.

The Legion, in announcing its policy, did not criticize the President for vetoing the bonus measure, nor those who opposed its passage, recognizing, apparently, as most observers have, that their opponents in this matter are for the most part like the majority of the American Legion members, actuated by a sincere desire to serve the best interests of the country.

HOW TO KEEP YOUR BABY WELL
A Weekly Talk To Mothers Issued Through The Babies' Prophylactic Clinic, Henry Phipps Institution, 7th and Lombard Streets.
Baby's Habits and Discipline
Start your baby right by teaching him good habits instead of a bad habit which is so hard to overcome later on.
Always remember that regularity is the best habit that a baby can have. The more regular you are in working out a systematic schedule for your baby, the better it will be both for baby and for you.
Begin at birth and see that all his physical functions are regular. This applies to eating, sleeping and bowel movements.
Train The Bowels
In nothing is absolute regularity more important than in the training of the baby's bowels. This may be begun as early as at the end of the first month. It needs much patience, but the result is worth the effort.
It is possible to train your baby so you will have no more soiled diapers to wash after he is one year old. Besides, if you start your baby in this habit of regular bowel movement, you may save him from constipation when he grows older.
Watch the hour at which he soils his diapers. At the same hour the next day hold him over the chamber and if necessary use a soapy stick to start the movement. Keep this up day after day at the same time, until the baby is fixed in his habit.
After your baby grows older, he can be taught to grunt or to bear down at

Training The Bladder
Take your baby up the first thing on awaking and after each feeding and hold him with his knees separated over his chamber until he gradually learns to make his needs known. One way to teach him not to wet is to change him from diapers into drawers much earlier than is usually done.
If bed-wetting persists in children over three years old, it may be due to some physical weakness in which case a doctor should be consulted.
Usually you can prevent the forming of this habit by taking your baby up the last thing before you go to bed, and seeing that he is given no liquid food late in the afternoon.
Thumb or finger sucking or pacifiers or "comforts" are all bad habits that should not be allowed to form. They are likely to spoil the natural arch of the baby's mouth and to induce a constant flow of saliva that is neither clean nor healthy. The use of pacifiers is a bad habit for which someone else is responsible. Thumb sucking your baby may learn by himself. Remove his thumb from his mouth and try to divert his attention to something else.
Do not punish your child until he fears you, but make him see that your will is law and remember that you cannot start too early to make him obey.
Babies who are well and have the

Tom Sims SAYS---
Winter makes several detours before it finally arrives.
There is no excuse for a coal dealer's daughter staying single.
Police found a missing Buffalo boy asleep under the sink. He may have been playing plumber.
Living conditions in the big towns are bad and all the little towns are trying to get big.
Among the things that seldom happen is having a last winter's suit that is still in style.
Fame is a bubble and it takes a lot of wind to blow it up.
Why don't they make a hinged windshield for drivers to go through without breaking the glass.
High-rows think pumpkin is pronounced like it is spelled.
Why work on wireless phones when so many phoneless phones need it?
Ball players may form a union but they strike without one.
The drawback to canceling Europe's debts is we have spent it.
Health hint: Very few good cooks are good cooks.
Son in college has a great deal of fun at his father's expense.
Many a man has a lame excuse because he got his foot in it by getting his leg pulled.
Half the people looking in shop windows are really gazing at themselves in the glass.
"Loose Nut Wrecks Car"—headline. Sounds as if he was driving.
When she sees a new dance step she wants to second the motion.
We heard a football quarterback telephoning and he scared central calling the signals.
Right kind of food and sleep and fresh air are seldom "bad."
The earlier you start your child on the road to good habits, the less difficult it will be both for you and for him throughout the rest of his life

SAGE TEA KEEPS YOUR HAIR DARK
P's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again
Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.
Don't stay gray! Look young. Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this read-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick and glossy and lustrous and you appear years younger.

There will be a meeting of the Vigilance Committees of Clearfield and Lawrence Township, both men and the newly appointed women members, at the Arbitration Room in the Court House on Monday Evening at 7:30. Please arrange to be present.

TO THE PUBLIC
(Continued From Page One)
neglected and guessed at until it is too late to overcome its dire effects; if this were done many, many deaths which need not have occurred would be prevented.
A little sore on the tongue or lip that is slow in healing in many instances has been found to be Cancer.
The early treatment of skin or superficially localized Cancer by X-ray or Radium has many times been successful while breast cancer and internal organs that are affected and which are operated early yield a large percentage of cures.
The program for Cancer Week for Clearfield County will be to hold public meetings in Clearfield, Philipsburg, Osceola Mills, Houtzdale, Maden, Curwensville, Grampian and Coalport at which places addresses will be made by physicians, ministers and prominent laymen in which many things in relation to Cancer will be discussed.
The Medical Society feel that it is their duty to carry thru this program and they also feel that it is the duty of all Educators, Ministers and Public men to be equally active in helping to bring home to the public these few simple facts which if heeded may prevent much suffering and save many lives and be an economic gain to the State.
It is to be hoped that the public may take advantage of these public meetings which are designed to bring forcibly before them information which is of incalculable value to their physical welfare and life and that at each meeting people in every walk of life will be represented in large numbers.

BOYS' DRESS AND SCHOOL SHOES

NEWS OF
OUR
NEIGHBORS

CURWENSVILLE

Miss Ruth Collins, a teacher in Huntingdon public schools, spent Saturday and Sunday in Curwensville visiting her parents, Rev. J. C. and Mrs. Collins.

Mrs. Caroline Weber of Troutville visited at the home of Mrs. Lette Bixler, North Pine street, yesterday.

Mrs. George Bressler was called to the home of her son in Centre county last week owing to his serious illness.

Messrs. Wall and Worthington of the Crescent office force, accompanied by their wives, left on Saturday for Wilkesport for a visit with friends over the Sabbath.

Walter Stan and wife of Portage, and Mr. and Mrs. Frederick Clet and her mother, of Philipsburg, were Sunday visitors at the home of Mr. and Mrs. Elmer Bloom over Sunday.

The funeral of Mrs. Florence Wink was held from the home of her son, William Wink, this afternoon at 2 o'clock, Rev. Conley, pastor of the Presbyterian church, officiating, the Rebekkah lodge also reciting their

burial service over the dead. Interment in Oak Hill cemetery. Deceased was born and raised in Licking Creek, ten miles from McConnellsburg, Fulton county. She was converted when eighteen years of age and united with the Methodist church, and was married the same year, her husband preceding her to the grave in 1879. Three children survive her, namely: Charles Wink of Deshler, Ohio; William Wink of this place and a daughter who resides at Dudley, Pa.

Mrs. Major Ganoe and four children, who have been stopping with Mrs. Ganoe's parents, Mr. and Mrs. C. S. Russell, in Curwensville, for some months, left yesterday for their winter home in the South.

Da Shaffer does not put himself forward as a potato raising expert, but when he lifted his crop from the ground recently he tossed 34 of the tubers into a half bushel measure and weighed the lot. They drew the scale beam down to the 30-pound notch.

Miss Bos. Clark has gone over to the DuBois Business College to take a course in stenography and typewriting.

The time for holding the mothers' meeting has been changed from Thursday evening to Wednesday evening when the ladies will meet at Mrs. P. E. Smith's on Susquehanna avenue.

The larger majority of Pike township residents are very much gratified over the manner in which Prof. Hege, the new supervising principal is handling the school work in that territory. He is reorganizing the old style of country school methods and putting the educational facilities on a one-book system, which will terminate in giving all township pupils

an equal footing on the same scale instead of one school using one kind of books and another school different kinds. It will take a little time and patience but, Prof. Hege is mandated from the right stuff and will get there just the same, even though some of the people are not in accord with his theories and methods.

Yes, there was a football game in Curwensville last Saturday, or what might be termed one. Reynoldsville came here, and along with the actual actors brought a string of fully equipped footers. They were all good fellows and took their defeat of 58 to 0 philosophically. The high school lads proved a little too swift for the visitors, and the team was made up principally of scrubs at that, more than a half dozen of the regulars not entering the game at all. Reynoldsville objected to Edwards, the colored line jammer, of the home team, on account of the fact that he had played football in Jefferson county three or four years ago. After the first half of the game had been played the coach of the visiting team realized that his boys had not the ghost of a chance of winning even a touchdown, and asked Coach Black to make the balance of the game six-minute periods instead of the regular twelve. The home players did not make much of their easy victory, but rather felt sorry for their vanquished opponents. Players in the visiting team met with accidents which compelled them to drop out of the game, and one of them had a leg or foot severely injured which will probably put him out of the game for the rest of the season. What we want to caution the home team about in particular, is not to allow Saturday's victory make them feel that they are impregnable, for on next Saturday they will go up against a harder and more expert squad of

young men at DuBois than they anticipate this early in the week. But we are assured that they will do their level best, win or lose.

Several days during the latter part of last week a gentleman representing the Clearfield Dairy Company was in town looking the territory over with the intention of starting a regular dairy route. He informed the writer on Sunday that he had succeeded in buying out four local milk dealers and expected to take over the rest of the output of the lesser dealers. Messrs. Bloom, Lezzer, Pentz and Morris turned over their routes this morning to the new purchaser. The dairy company will put an auto on the routes covered by those persons who have sold to him, and their supply of milk will be delivered by the new people each morning. What milk is not sold to Curwensville customers will be taken to Clearfield and sold from there. Heretofore there were not less than eight different individuals delivering milk in this town.

William Wolf, who sells lumber for a Williamsport firm, has returned to his home here after a two months' schedule in New York State and the northern part of this State.

A good many of the staid citizens of town are promulgating the idea that before any more paving is done in the borough that section from State street up Thompson to George street ought to receive attention. In the springtime when there is muddy weather this stretch of street is almost impassable, and the writer has witnessed automobiles sink to the axle in mud while on their way to the cemetery. The public building is situated about half way up this street and should fire occur at a time when the street is two feet deep with mud, it would be next to impossible for the

fire motor truck to get anywhere in good time. Meadow street is another section that ought to receive the paving approval of all, as at times its condition is about on a par with the Thompson street section.

Fabert street is finished at last. Contractor Thompson pushed the work as rapidly as he received the material to do it with, delays being forced on him by sand, cement and stone being held up in transit. Today he contemplates starting in on the South Walnut street contract, and if no bad luck or weather interferences, expects to complete that work in the time specified in the contract with Walnut street residents and not with the borough.

BIGLER LUMBERMEN BUY
LARGE TIMBER TRACT

O. R. Lansberry and Harold R. Walker, of Bigler, closed a deal at Huntingdon Saturday with the Puritan Coal Company of Mt. Union, Pa., for the purchase of 1162 acres of timber, located on the Huntingdon & Broad Top railroad, about five miles above Saxton, Bedford county.

This tract is probably the largest block of timber left in Central Pennsylvania. There is said to be 4,000,000 feet of oak and 1,000 cars of mine timber on the tract.

These young men, who are hustlers in their line, are both bachelors and "curty" and the Bigler girls are worried over their leaving town for so long a stay while operating the timber, being fearful some husky backwoods Huntingdon county damsel may succeed in yoking them and leading them to Hymen's altar.

Not Many Women Color Blind. The number of women who are color blind is very small as compared to the number of men so afflicted.
